# MASTERS MESSAGE

Dear Eusoffians,

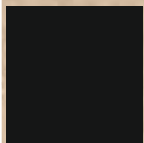

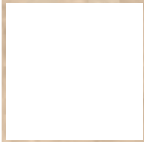

Thank you very much for all that you have done in our home away from home. It was thoroughly enjoyable and inspiring to see so many of you working so hard and having lots of fun at the same time. I refer to not just the various accomplishments of CCA's compiled in the year book, but also the spontaneous, seemingly unremarkable actions that you undertook this past year. For those coming back next year, I have full confidence that you will try to make the Hall an even better place. For sure, try very hard to win competitions, but to paraphrase Prime Minister Wong, we should also discern meaning and purpose in our actions, beyond success or failure.

I would like to appreciate deeply the very warm welcome extended to me, when I suddenly showed up in July 2023. Eusoff Hall has left an indelible mark on my life and my heart. For those of you who will be moving on, like me, please join me in keeping in touch with the Hall, and continuing to abide by its enduring motto: Excellence and Harmony.

May you be rejuvenated by the long vacation. See you later.

Yours sincerely,  
Yap Von Bing  
Acting Master

To my team:

Every year different halls try to change their player roster to try and win us, every year they always end up saying "we will come back stronger"...they never did LOL. Thanks for helping me defend our legacy this year but say real, the real win is seeing some player actually finally win a finals game. No such thing as "revenge szn complete." Cos we never even lose LOL. I remember someone asking us "ready to lose nt", i guess we weren't ready at all LOL

To future batches:  
Better win please.

# BASKETBALL

Hi EH Bballers,

Thank you guys for being so cooperative with me for the past 5 months of training! We couldn't have achieved what we achieved without everyone of yall that came down to training and poured your heart and sweat on the court! Thank yall for committing into Bball and stuck through the team no matter thick and thin. I've learned alot from you guys and I hope you guys too have grown to be better people on and off the court! To me, the journey has always been the best part rather than the final outcome so for that, thank you guys for being part of the team and helping to forge countless memories and friendships together! To the seniors, thank you for sticking with me and helping me guide the team!! Couldn't have done it with the help of all of yall (Ian, Tien, Jared, Zheming, JJ, Timo). To all the freshies, thank you guys for coming into the Eusoff Bball family and giving your all for the team (Pin An, Yifan, Sherman, Zeon, Andre, Kavan, Ethan Ong, Siqi, Gabriel).

Hope to see y'all in the next year's team again and take back what is supposed to be ours!!! Eusoff USHHHH!!

Hi Eusoff RR bois,

I'm really proud of you guys for all the effort that you have put into training for RR over the AY while having to juggle your studies and other sports! We put up a splendid performance on race day, and I have to admit that I was quite pleasantly surprised when I saw us go toe-to-toe with Temasek and Sheares. Moving forward, I hope that every one of you can take great pride in having represented Team Eusoff RR for IHG 23/24 and I hope to see you again at next year's race, regardless of whether you are staying or not..

Wassup bois, there was never any doubt in your abilities. We run together not because we have to, but because we are trackers and that's what we do. Eusoff might not be the home for all of you, but it was a nicer place when you guys were around.

I hope that at least some of you will continue to do track or be involved in the track scene your whole lives. I think the passion and hardwork that you put into the trainings that made you who you are today, seeps into all other aspects in your life. I have no doubt that you all will excel and prosper no matter where you are.

Keep running. Set your own finish lines. Always remember:

Throughout this season together, I see every bit of effort and hardwork you all poured in, and I'm really so blessed and thankful for you all. I am not perfect and not the best at leading, but genuinely thank you for trusting me. It wasn't an easy battle but it's worthwhile with you girls. Continue to not allow your situation to define you & give whatever you're facing in life your best shot! Hi EHVB,

Although yall were a bunch of trollers and clowns, we wanna thank you guys for putting in all the hard work. Without yall constantly scrambling to pick up balls and getting whack by balls, training would not have been possible. We really enjoyed leading you guys and thanks for trusting us. Glad that our 3 times a week training, pt sessions, ladder... (for the girls) paid off. Double champs! IN OUR HEARTS

On a more serious note, someone in the team mentioned that we should go clubbing if we got champs. That's why we both decided to finish 2nd place this year

# NETBALL

TO EVERYONE THAT WAS IN NETBALL THIS IS FOR YOU !!!

Thank you for devoting your time to netball this year! I really hope you guys enjoyed learning and competing in the sport, and more importantly created meaningful friendships during your time here. I have written my heartfelt letter of gratitude and love in 3 categories for freshies and seniors!! Please find yours hehe

@freshies To the freshies that didn't make the final team,

don't be disheartened!! It's been a pleasure for the seniors to be able to have you under our wings and witness your growth in your time spent with us, so please come back again next year and try again!! To the rest of you, do continue to uphold the conducive environment in ehnb and don't let Eusoff's toxicity in sports engulf netball. Continue to guide the future of EHNb properly and fight hard once again next year!! Like I always say, we will always have your back, win or lose, as long as you have put up your strongest fight and left the court with no regrets

@seniors Thank you for choosing and committing to netball again this year despite all your other commitments. You guys have played such a pivotal role in creating such a safe space in EHNb this year, and for that, I am very thankful.♥

To my bball superstars, we are all so proud and impressed by your improvement and growth over the 2 seasons. Playing matches b2b is so tough but you guys make it look like a piece of cake Thankyou for coming back to us and I hope you guys really enjoyed playing it this year as experienced players

To my IVP superstars, thank you for always having my back and supporting me every step of the way. My journey defo would not have been the same without you guys and I am so lucky to have you with me. ♥ Love n slays only,

Dear EHulti,

This season was a little different, we had a BUNCH of new faces, tried out new structures and got ourselves a sick new kit. But our core mission stayed the same - to excel on and off the pitch and have fun while doing it, and I think we've achieved that this season. To the LYLCs, I hope EHulti was a memorable part of your time in Eusoff, you guys will always be welcomed back to run some reps if your hands ever get itchy. To everyone else, I hope my ramblings about this sport and our weekly conditioning exercises will not deter you away from pursuing this sport. I hope that everyone finds the joy in this sport that I do and will stay on board for however long your stay in Eusoff will be.

Dear Choir,

Thank you for being a part of this CCA and putting in all the effort to put up performances this year. Despite Amplitude being a month earlier than expected this year, we still managed to get a solid performance out in time for the early concert date, and for that, we really commend you guys for it and we are so proud! Cult night was also a huge success and our performance had very positive feedback from the audience members, so I would say overall, these 2 events were the highlight of Eusoff Choir this AY. Once again, we just want to say thanks so much for the effort and commitment yall put into this CCA and accepting and respecting us as your heads. Dear all civilians of the Republic of the Dramaramas Empire,

Thank you so much for all your effort in Eusoff Drama this year. Honestly it was very touching when we saw y'all trying your best to walk out of your comfort zone (scripwriter, acting, directoing...) and try out new things and constantly reaching out to us and your directors for improvements. We are not only grateful for the freshies who joined this year, but we are also thankful for the seniors who rejoined drama this AY, even though some of y'all don't even need the CCA points and helped us out of courtesy. Thank you for bearing with us for all those ungodly practice hours and durations. Y'all are the BEST!!!!

We took up drama head roles with minimal experience and expectations and there were definitely times where both of us struggled with this CCA in many aspects. Regardless, y'all were always there and supported us through thick and thin. We are really really proud of what we did this year. Self-written scripts, competent acting skills, amazing direction of plays, fabulous pubs and responsible sec-tres. We honestly can't imagine Eusoff Drama without this team of 30 WONDERFUL, MOST SLAYED, MOST FIRED members. Thank you for being part of our hall memories and achievements. We hope yall had as much fun as we did in Eusoff Drama this AY. We wish you the best for your uni/career and hope to see you excel in anything and everything you will accomplish in the future.

## ELDERLY SERVICES

Dear Elderly Services,

Thank you for this year of memories with yall. Over the past 1 year, we have seen the dedication and hardwork that each and every one of you have put into this committee. Be it organising activities for our Lion Befrienders session or delivering food during our Jalan Kukoh saturday food delivery, we are so extremely thankful for the time and effort that goes into the preparation and planning for all of these events. This was especially so during our Christmas Party and Chinese New Year events held for our senior friends! We really appreciate and see the efforts of those of you who chose to step up and lead during such sessions, especially when the both of us could not afford to be physically present.

We know that the past year was not easy, especially having to juggle with other commitments or even during times when we were running out of ideas but still had to brainstorm. Regardless, thank you for pulling through! We are so appreciative of the support and help that each sub-committee has put into ES to ensure that our regular services and seasonal events continue to run smoothly. Thank you for reminding us of the main reason why we chose to join Elderly Services. We really hope that ES has been an enjoyable time for you this year and that you may continue spending time with our elderly friends! :)

We hope that everyone here is able to see the value of work we have been doing to make a meaningful and intentional impact on our local and overseas communities.

## SALVATION ARMY

Hey guys,

This year has been fraught with a ton of ups and downs but we are super grateful for all the cooperation thus far. Over the past 2 years, there were moments where we struggled to see the impact we had on the kids' studies and well-being, and the importance of the work our comm does.

This year, I think we can say with great confidence that what we've done truly matters! And that we've really made an impact, however small or big, on others' lives. We really really learned so much from this experience and really hope that you managed to as well, and thank you so much for doing this together with us - through the tears and through the long nights.

Excited to see yall keep flying high!

## HACKERS

Zhe Ming:

Hey guys! Huge thank you for all your hard work on all the projects we've had this year. Honestly it was kinda scary heading a CCA I don't have experience in, but I'm not exaggerating when I say you guys really give me the confidence that things will work out. Even as early as the interviews I've been blown away by your passion and dedication even as early as the interviews when y'all were showing me all the projects you've done before, it's legit inspiring. Hope your time in Hackers has been fruitful, and wish you guys all the best in whatever you pursue next

## SMC

Dear SMC,

As the AY draws to a close, we would like to take a moment to thank all of you for your hard work and contributions to SMC this year.

First, special shoutout to all our subcomm heads for nurturing and guiding your teams so thoroughly. It's time for your well deserved pangang!! Thank you for trusting and journeying along with Lionel, Dyls, Loo, Ain and Ben. We will always be grateful for you guys, for choosing to lead your subcomms knowing how much time and effort you would have to dedicate to SMC as heads.

To the whole comm, being in SMC demands quite A LOT as we oversee all sp`orts related things and even IHG. We are so thankful that you guys stuck through with the comm even in your busiest periods and continued to deliver your best for Eusoff. You guys have continued to outdo yourselves with each event/duty for the hall, and it is with confidence that we say that Eusoff will not be the same without all of your contributions. With that said, we hope that all of you have learned a thing or two about what your subcomm does for SMC, and for Eusoff. Do stay with SMC to guide the incoming freshies and push SMC to greater heights. Eusoff to the Fore!!

Another day another slay,  
Loo n Dyls

## BBLK COMM

To my dearest baos,

No amount of words can express how grateful I am for y'all. Always so so efficient, yet know how and when to have fun. Our meetings, logs runs, "rainy days" were always filled with laughter. Thank you for being incredibly patient with me. I tell everyone if not for such a supportive bunch I would have honestly disintegrated. I hope y'all took something away from B Block Comm, and that y'all enjoyed your time in it as much as I did. Thank you for making my last year in Eusoff so memorable and meaningful, I'll miss working with y'all. All the best for next AY!! <3

## EBLK COMM

Dear E Block Comm

What a ride it has been! Thank you guys for sticking around through all the highs and lows, our experience together as a block comm was definitely a special one.

Although we might have yapped and played too much at times (especially during our meetings..), I'm proud that we achieved such a resounding change in our block's culture. To the freshies, I really need your help to ensure that y'all continue building on the progress we have made over the past year.

Ultimately, I hope that each and every one of you enjoyed our time together, learnt a thing or two from this experience in EBC, and made good friends in the process! I really appreciate the fun and laughter we shared over the past year, y'all will always be my favourite block comm :)

Much Love

In the dance of life, embrace the rhythm of uncertainty, for within its cadence lie the melodies of growth and possibility. Let every challenge be a brushstroke on the canvas of your journey, painting a masterpiece of resilience and wisdom. With each step forward, remember that the beauty of life often resides in the unexpected harmonies found amidst the chaos.

-Marcus
